RULES AND REGULATIONS

A. General

1. SCOPE

This Schedule of Rules and Regulations is a part of all contracts for receiving electric service from the Cooperative and applies to all service received from the Cooperative whether the service received is based upon a contract, agreement, signed application, or otherwise. No employee or individual director of the Cooperative is permitted to make an exception to rates or Rules and Regulations. Rates and service information can be obtained from the Cooperative's office.

2. REVISIONS

These Rules and Regulations may be revised, amended, supplemented or otherwise changed from time to time without notice. Such changes when effective shall have the same force as the present Rules and Regulations. The members shall be informed of any changes as soon as possible, after adoption by the Board of Directors, through the Cooperative's monthly newsletter.

*OK
see
June 11, 1956*

3. CONSUMER'S RESPONSIBILITY FOR COOPERATIVE'S PROPERTY

All meters, service connections, and other equipment furnished by the Cooperative shall be, and remain, the property of the Cooperative. The member shall exercise proper care to protect the property of the Cooperative on its premises and in the event of loss or damage to the Cooperative's property arising from neglect of member to care for same, the cost of necessary repairs or replacement shall be paid by the member.

4. CONTINUITY OF SERVICE

CANCELED SEPT. 18 1970

The Cooperative shall use reasonable diligence to provide a constant and uninterrupted supply of electric power and energy, but if such supply shall fail or be interrupted or become defective through act of God, or the public enemy, or by accident, strikes, labor troubles, or by action of the elements, or inability to secure rights-of-way or other permits needed, or for any other cause beyond the reasonable control of the Cooperative, the Cooperative shall not be liable therefor.

RULES AND REGULATIONS

Meter Reading

Member's meter reading cards failing to be received by the 25th of the month in the office of the Cooperative for at least two (2) consecutive months, the Cooperative will send its employee to the member's premises and have the member's meter read; and a charge of \$2.50 will be made to the member's account for the extra service rendered, due and payable on notice of said charge.

Collection of Delinquent Accounts

Members of the Shelby Rural Electric Cooperative Corporation will receive statements from the 1st day of the month for service rendered for a thirty (30) day period ending the 20th of the preceding month. These bills are due and payable upon receipt. Non-receipt of statement does not relieve the member of the responsibility of payment of bills by the 15th of the month that the bill was due and payable. All members delinquent on the 15th of the month will be sent notices advising them they failed to make payment; and upon the 20th of the month, a final notice will be sent the member that he is still delinquent; and if bill is not paid within five (5) days or by the 25th of the month, an employee of the Cooperative will be sent to the member's premises to collect the delinquent bill. A charge of \$2.50 will be made for this service, due and payable at time of said collection.

RULES AND REGULATIONS

5. RELOCATION OF LINES BY REQUEST OF MEMBERS

The Cooperative's established lines will not be relocated unless the expense for moving and relocating is paid by the member, except in instances where it would be to the advantage of the Cooperative to make such relocation.

6. SERVICES PERFORMED FOR MEMBERS

The Cooperative's personnel is prohibited from making repairs or performing services to the members equipment or property except in cases of emergency or to protect the public or member's person, or property. When such emergency services are performed the member shall be charged for such service at the rate of time and material.

B. Service Procedures

OK Rec June 11, 1956

7. APPLICATION FOR SERVICE

Each prospective member desiring electric service will be required to sign the Cooperative's form, "Application for Membership and For Electric Service," before service is supplied by the Cooperative and provide the Cooperative with necessary easements or right-of-way permits.

8. MEMBERSHIP FEE

The membership fee in the Corporation shall be \$10.00 (Ten Dollars). One membership must be held in connection with each separate or non-contiguous property for which service is taken and for each different class of service desired; provided, however, that commercial and residential service may be obtained upon one membership if the commercial activity is carried on in the residence of the owner. The membership fee will be refunded if all bills are paid or applied against any unpaid bills of the member at the time service is discontinued, which will automatically terminate the membership. Service covered by each membership shall be metered and billed separately.

CANCELED SEPT 18 1970

9. RIGHT OF ACCESS

The Cooperative's identified employees shall have access to member's premises at all reasonable times for the purpose of reading meter, testing, repairing, removing, or exchanging any and all equipment belonging to the Cooperative.

RULES AND REGULATIONS

10. MEMBER'S DISCONTINUANCE OF SERVICE

Any member desiring service discontinued or changed from one location to another shall give the Cooperative three (3) days notice in person or in writing provided such notice does not violate contractual obligations.

11. RECONNECTION CHARGES

File June 1, 1956

The Cooperative will make no charge for connecting service to the member's premises for the initial installation of service. When service has been terminated or when service is transferred to a new member the Cooperative's representative shall read the meter at such premises and secure necessary applications for service from the new occupant. A service charge of \$3.00 (Three Dollars) will be made to new occupant for the reconnecting or transferring of such service. Service charge will be due and payable at the time of connection or transfer upon notice of said charge. Meters shall be installed or reinstalled after working hours unless in the judgment of the Manager there exists circumstances that will justify the additional expense.

12. RESALE OF POWER BY MEMBERS

All purchased electric service used on the premises of the member shall be supplied exclusively by the Cooperative and the member shall not directly or indirectly sell, sublet, or otherwise dispose of the electric service or any part thereof.

13. SERVICE CHARGE

CANCELED SEPT. 18 1970

All service calls made by the Cooperative pertaining to the Consumer's premises shall be charged at the rate of \$3.00 (Three Dollars) per call if such service is performed within the regular working hours of the Cooperative's employee. If call for such service is made outside the normal working hours of the Cooperative, holidays or Sunday, a charge of \$5.00 (Five Dollars) will be made to the member's account for such a call. Said charges are due and payable upon notice of such charge.

14. SERVICE CHARGE FOR TEMPORARY SERVICE

Consumers requiring temporary service (except those qualifying under Rate Schedule "T") may be required to pay all costs of connecting and disconnecting incidental to

kitchen must have installed two duplex convenience receptacles. New homes constructed on lines of Cooperative are required to make application for a rough-in inspection, the charge being \$4.00 payable to the Cooperative and a finished inspection after construction and work is complete and fee payable to the Cooperative is \$4.00.

Requirements for the number of outlets in your home shall be the National Electric Code requirements.

Conditions of Service

Every member who has more than one house on his premises wherein a separate family makes a separate home, each of said houses shall be metered separately.

Members Requesting Temporary Service

Electricity to be used in the construction of buildings along lines of the Cooperative shall file written application for such service with a deposit of \$10.00 and service will be rendered for a period of six weeks, the amount of the current consumed shall not be in excess of 200 KWH. All in excess of this amount shall be charged at a rate of 2 1/2¢ per KWH.

A contractor receiving temporary service shall install necessary fuse protection equipment to protect Cooperative's transformer from overloads.

the supplying and removing of service. In addition to this a deposit will be required to cover estimated consumption of electricity. Both fees will be paid in advance. Any balance remaining at the end of temporary service will be refunded. This rule applies to carnivals, fairs, house trailers and the like.

15. MEMBER SERVICE EXTENSIONS

It is the desire and intention of the Cooperative to make central station service available to all persons and property within the Cooperative's operating area consistent with sound economy and good management. To accomplish this intention, the following schedule of monthly minimum bills and minimum contract periods for constructing single phase extensions and connecting members along existing lines shall apply and remain in effect for a period of five (5) years after date of energizing the extension:

0 - 1000 ft.	\$1.50	1801 - 1900 ft.	3.75
1001 - 1100 ft.	1.75	1901 - 2000 ft.	4.00

16. METER TESTS

**PUBLIC SERVICE
COMMISSION**

All new meters shall be checked for accuracy before installation. The Cooperative will, at its own expense, make periodical tests and inspections of its meters in order to maintain a high standard of accuracy and to conform with the regulations of the Public Service Commission. The Cooperative will make additional tests of meters at the request of the member provided the member does not request such test more frequently than once in twelve (12) months and upon payment of a fee of \$3.00 (Three Dollars) paid in advance. When the test made at the member's request shows that the meter is accurate within 2% slow or fast, no adjustment will be made to the member's bill and the fee paid will be forfeited to cover cost of requested test. When the test shows the meter to be in excess of 2% fast or slow, an adjustment shall be made to the member's bill by recalculating the monthly bills for a period equal to one half (1/2) of the time lapsed since the last previous test, but in no case shall this period exceed three (3) months and the cost of testing the meter found to be inaccurate will be born by the Cooperative and the \$3.00 (Three Dollars) fee paid by the member will be refunded.

17. FAILURE OF METER TO REGISTER

CANCELED SEPT. 18 1970

In the event a member's meter should fail to register, the member shall be billed from the date of such failure at the average consumption of the member based on the three (3) month period immediately preceding the failure.

RULES AND REGULATIONS

21. INSPECTION

All Consumers wiring must be inspected by the State Electrical Inspection Bureau before connection for service by the Cooperative. Fee for such inspection shall be paid at the Cooperative's office. Prior to the connection of the electric lines of the Cooperative to any building either residential, commercial, business, factory, or any type whatever, the owner thereof or the person desiring electric service shall furnish to the Cooperative a certificate of an inspector appointed by the State Electrical Inspection Bureau showing that the wiring in said building fully complies with all of the rules and regulations of the National Electric Code of the National Board of Fire Underwriters and is in a safe and satisfactory condition. Until such certificate has been furnished, the lines of the Cooperative are not to be connected to said premises; provided that this rule shall not apply where temporary service is desired on a pole or temporary building during the construction of any permanent building and service is to be of a temporary nature only.

When any of the employees of the Cooperative have notice or observe that the wiring in any building, to which electric energy is served by the Cooperative is in a condition so as to be dangerous to persons or property, such employee shall immediately notify the Manager of the Cooperative of such dangerous condition. If the Manager upon investigation determines that such dangerous condition exists, he shall at once have the service to the building where such condition exists discontinued and service shall not be restored to said premises until said building has been rewired and inspected and the certificate of the inspector certifies that the wiring in said building complies with all the rules and regulations of the National Electric Code of the National Board of Fire Underwriters. Unless said certificate is furnished, no service of electric energy shall be supplied to the said building or to the premises.

CANCELED SEPT. 18 1970

It is not intended by this rule that any of the employees of the Cooperative shall make any character of inspection of the wiring of any of the consumers of the Cooperative and all employees of the Cooperative are expressly prohibited from making any inspection of such wiring.

RULES AND REGULATIONS

E. Electric Bills

22. BILLING

Members will receive statements for electric service on the first day of each month for service rendered for a thirty-day period ending the twentieth of the preceding month. All statements are due and payable upon receipt and shall be paid at the office of the Cooperative within ten (10) days from date of bill. Failure to receive electrical statement will not release the member from payment obligation. Should the statement not be paid as above the Cooperative may at any time thereafter on a five (5) days notice to the member, discontinue service. Should it become necessary for the Cooperative's representative to call at the Consumer's premises or other locations for the purpose of collecting a delinquent account, a charge of \$3.00 (Three Dollars) will be made to the member's account for the extra service rendered, due and payable at time such delinquent account is collected. If service is disconnected for non-payment, an additional charge of \$3.00 (Three Dollars) will be made for reconnecting service due and payable at time of such reconnection.

OK Rec JUN 11, 1956

23. METER READING

Each member receiving service will be required to supply the Cooperative with the reading of each meter on the form as furnished by the Cooperative, on such date as designated by the Cooperative. Upon failure by the member to supply the Cooperative with such meter reading for three (3) consecutive meter reading dates the Cooperative shall act by having its representative read the member's meter and a service charge of \$3.00 (Three Dollars) will be made for the extra service rendered. The service charge will be made to the member's account and will be due and payable upon notice of said charge. In the event that an error in meter reading should be made or member fails to send in meter reading card, the member shall pay for that month either the minimum bill for the service which he receives or, if he should be a large user, he shall pay an amount approximately equal to his average bill. Then the following month his bill shall be computed on the regular schedule prorated for two months and the amount paid shall be credited.

RULES AND REGULATIONS

24. UNPAID CHECKS FROM CONSUMERS

When a check received in payment of a consumer's account is returned unpaid by the bank for any reason, the Cooperative will notify such consumer by letter stating the amount of the check and the reason for its return. A clerical fee of \$1.00 (One Dollar) will be charged to the consumer to cover cost of handling check and mailing of notice to consumer. Returned checks will be considered same as a delinquent account and if payment in full plus clerical fee is not received for check within five (5) days after notice, service to such consumer will be discontinued as prescribed under that section of Rule 22 dealing with unpaid accounts.

25. BILLING ADJUSTED TO STANDARD PERIODS

In case of the first billing of a new account and the final billing of an account where the period covered by the billing is a fraction of a month, the demand charge and/or the energy used will be prorated for proportional part of the billing period when computing such bill.

*CK
Bee
June 11, 1956*

26. DEPOSITS

A deposit or suitable guarantee approximately equal to two times the average monthly bill may be required of any member before service is supplied if the Cooperative deems it necessary to insure payment for the service it will render. The Cooperative may at its own option return the deposit after six (6) months. Upon termination of service, deposit may be applied against unpaid bills of the member and if any balance remains after such application is made said balance to be refunded to the member.

F. Classification of Consumers

CANCELED **SEPT. 18 1970**

27. PURPOSE OF CLASSIFICATION

Classification is a means for treating without discrimination. All members having similar characteristics in their use of service. Special classification will be avoided unless surrounding conditions are so unusual that to apply one of the existing rates or rules would result in serious injustice to either the particular member or to all other members.

RULES AND REGULATIONS

28. FARM CONSUMER

A farm is any operating unit consisting of three acres or more and annually producing agricultural products, exclusive of home garden, with a value of \$150.00 (One Hundred and Fifty Dollars) or more; or a farming unit of less than three (3) acres with a value of agricultural products sold amounting to \$150.00 (One Hundred and Fifty Dollars) or more. Consumers qualifying under this classification shall be billed under Rate Schedule "A-1" or "A-1-WH".

29. NON-FARM RESIDENTIAL CONSUMER

A non-farm residential consumer shall be any residential consumer not qualifying as an operating unit under Rule 28. Consumers qualifying under this classification shall be billed under Rate Schedule "A-1" or "A-1-WH":

FILED
Dec 20, 1956
JAN 3 1957

30. COMMERCIAL CONSUMER

A commercial consumer will be any business establishment such as a store, office, garage, tavern, creamry, factory, hotel, tourist cabin resort, or institution other than schools, churches, or community halls. Consumers qualifying under this classification shall be billed under Rate Schedule "B-1" or "LP-1".

PUBLIC SERVICE
COMMISSION

31. RESIDENTIAL AND COMMERCIAL ESTABLISHMENT OCCUPYING SAME PREMISES
DESIRING SERVICE THROUGH A SINGLE METER

A member operating a commercial establishment on the same premises as his residence may be served through a single meter and shall be classified as a commercial consumer. If, however, the consumer prefers, it's not necessary for him to take all of his service under the commercial rate. Instead, the business establishment may be served under the commercial rate and his residence served under the farm and home rate. In this case, two (2) meters will be required.

CANCELED SEPT. 18 1970

32. PROCESSING OF FARM PRODUCTS

If the processing of farm products is done on the consumers farm and is applied to farm products raised principally by the consumer, he shall be classified as a farm consumer; otherwise he shall be classified as a commercial consumer.

RULES AND REGULATIONS

33. LARGE POWER CONSUMER

A large power consumer will generally be recognized as a commercial or power consumer requiring more than 25 KVA of transformer capacity. Consumers qualifying under this classification shall have the option of being billed under Rate Schedule "B-1" or "LP-1". Terms and conditions for serving large power consumers shall be determined individually.

34. SEASONAL RESIDENTIAL CONSUMER

A seasonal residential consumer shall be classified as any non-farm residential consumer who normally uses electric service for a house or cabin for a fractional part of a year. Consumers qualifying under this classification shall be billed under Rate Schedule "A-1" or "A-1-WH".

35. SERVICE TO SCHOOLS, CHURCHES, AND COMMUNITY HALLS

Schools, churches, and fraternal lodges and other small non-profit community welfare institutions shall qualify under this classification and be billed under Rate Schedule "A-1" or "A-1-WH". The special rates available to these small institutions shall be limited to 5 KVA of transformer capacity. Larger institutions such as consolidated schools and hospitals shall be served under the commercial or large power schedule and will be, therefore, classified as commercial and billed under Rate Schedule "B-1" or "LP-1".

SCHEDULE A-1-WH (Cont.)

FARM AND HOME SERVICE WITH STORAGE-TYPE WATER HEATER

Conditions of Service

1. The consumer shall install and operate in regular use a standard approved storage-type of electric water heater and shall have no non-electric household water heating device in use during any part of the year (such as heating coils in a fuel-burning range or furnace).
2. Regardless of number of storage type water heaters connected to any single service only one block of 300 kwh per month at 1¢ per kwh will be allowed for any single service.
3. The standard approved type of water heater shall consist of an insulated tank containing two thermostatically controlled, non-inductive heating elements, so connected that only one element is permitted to operate any time. The capacity of the tank shall be sufficient to furnish an ample supply of hot water but in no case shall it be less than 30 gallons. The wattage of the heating elements may be a maximum of 4,500 watts on the upper element and a maximum of 4,500 watts on the lower element. The entire installation shall be subject to the approval of the Cooperative including the insulation and size of the tank, the wiring and the size of the heating elements.
4. Provision shall be made in the consumer's water heater wiring installation for an automatic control device which the Cooperative may install at its discretion.

SCHEDULE B-1 (Cont.)

COMMERCIAL AND INDUSTRIAL LIGHTING AND POWER SERVICE

Determination of Billing Demand

The billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjusted for power factor as provided hereafter.

Power Factor Adjustment

The consumer agrees to maintain unity power factor as nearly as practicable. Demand charges will be adjusted for consumers with 50 KW or more of measured demand to correct for average power factors lower than 90%, and may be so adjusted for other consumers if and when the Seller deems necessary. Such adjustments will be made by increasing the measured demand 1% for each 1% by which the average power factor is less than 90% lagging.

Minimum Monthly Charge

The minimum monthly charge under the above rate shall be \$1.50 where 3 KVA or less of transformer capacity is required. For consumers requiring more than 3 KVA of transformer capacity the minimum monthly charge shall be increased by 75¢ for each additional KVA or fraction thereof required. Where it is necessary to extend or re-enforce existing distribution facilities, the minimum monthly charge may be increased to assure adequate compensation for the added facilities. Where the minimum charge is increased in accordance with the terms of this section, additional energy and demand shall be included in accordance with the foregoing rate schedule.

Minimum Annual Charge for Seasonal Service

Consumers requiring service only during certain seasons not exceeding 9 months per year may guarantee a minimum annual charge, in which case there shall be no minimum monthly charge. The minimum annual charge shall be sufficient to assure adequate compensation for the facilities installed to serve the Consumer, and in no event shall it be less than twelve times the minimum monthly charge determined in accordance with the foregoing paragraph.

SCHEDULE B-1 (Cont.)

COMMERCIAL AND INDUSTRIAL LIGHTING AND POWER SERVICE

Temporary Service

Temporary service such as service to construction jobs, fairs and carnivals shall be supplied in accordance with the foregoing rate except that the consumer shall pay in addition to the foregoing charges the total cost of connecting and disconnecting service less the value of materials returned to stock. A deposit, in advance may be required of the full amount of the estimated bill for service, including the cost of connection and disconnection.

Service at Primary Voltage

If service is furnished at primary distribution voltage, a discount of 7% shall apply to the demand and energy charges, and if the minimum charge is based on transformer capacity, a discount of 7% shall also apply to the minimum charge of 75¢ per KVA. However, service may be metered at secondary voltage and adjusted to primary metering by adding the estimated transformer losses to the metered kilowatt-hours and kilowatt demand.

Terms of Payment

The above rates are net.

**RATE
PER UNIT**

Schedule SL-3 (Con't.)

Additional Charges:

The above charges apply to lamps mounted on brackets. An additional charge of \$3 per year will be made for each suspended unit.

The above charges apply to lamps mounted on existing poles of the Cooperative and where no additional poles are required for any necessary street lighting circuits. An additional charge of \$2 per year will be added to the total charge as determined above for each additional pole required, unless the village pays the installed cost of such additional poles.

Conditions of Service:

1. Street-lighting equipment including lamps, fixtures, and the necessary street-lighting circuits, transformers and additional guys and fittings will be furnished by the Cooperative. Where extensions of primary line are required, the total cost of such construction shall be paid by the village.

2. Lamp replacements will be made by the Cooperative. Any lamps replaced by the Cooperative will be charged to the village at cost as a separate item on the monthly bill for service.

3. Service will be furnished for future additional lamps in accordance with the above charges. The average spacing between lamps shall be recomputed to include the additional lamps.

Available to consumers located on or near Seller's three-phase lines for all types of usage, subject to the established rules and regulations of Seller.

Type of Service

Three-phase, 60 cycles, at Seller's standard voltages.

Rate

Demand Charges

\$1.25 per month per KW of billing demand for the first 50 KW of billing demand.

\$1.00 per month per KW for the remaining KW of billing demand:

Plus Energy Charges

2.0¢ per KWH for the first 50 KWH used per month per KW of billing demand.
1.5¢ per KWH for the next 100 KWH used per month per KW of billing demand.
1.0¢ per KWH for all remaining KWH used per month.

Determination of Billing Demand

The billing demand shall be the maximum kilowatt demand established by the consumer for any period of fifteen consecutive minutes during the month for which the bill is rendered, as indicated or recorded by a demand meter and adjusted for power factor as provided below.

Power Factor Adjustment

The consumer agrees to maintain unity power factor as nearly as practicable. Demand charges will be adjusted for consumers with 50 KW or more of measured demand to correct for average

power factors lower than 90%, and may be so adjusted for other consumers if and when the Seller deems necessary. Such adjustments will be made by increasing the measured demand 1% for each 1% by which the average power factor is less than 90% lagging.

Fuel Cost Adjustment Charge

In case the rate under which Seller purchases power at wholesale is adjusted in accordance with a fuel cost adjustment provision in Seller's wholesale power contract, the foregoing energy charges shall be adjusted each month by the same amount per KWH as the fuel cost adjustment per KWH in Seller's wholesale power bill for the next preceding month.

Minimum Monthly Charge

The minimum monthly charge shall be the highest one of the following charges as determined for the consumer in question.

- (1) The minimum monthly charge specified in the contract for service.
- (2) A charge of \$0.75 per KVA of installed transformer capacity.
- (3) A charge of \$25.00

PUBLIC SERVICE
COMMISSION

Minimum Annual Charge for Seasonal Service:

CANCELED SEPT. 18 1970

Consumers requiring service only during certain seasons not exceeding 9 months per year may guarantee a minimum annual charge, in which case there shall be no minimum monthly charge. The minimum annual charge shall be sufficient to assure adequate compensation for the facilities installed to serve the Consumer, and in no event shall it be less than \$9.00 per kva of installed transformer capacity, or \$300.00 whichever is greater.

Service Provisions

1. Delivery Point. If service is furnished at secondary voltage the delivery point shall be the metering point unless otherwise specified in the contract for service. All wiring, pole lines and other electric equipment on the load side of the delivery point shall be owned and maintained by the Consumer.

Date of Issue October 11, 1956

SCHEDULE LP-I (Cont.)

LARGE POWER SERVICE

If service is furnished at Seller's primary line voltage the delivery point shall be the point of attachment of Seller's primary line to Consumer's transformer structure unless otherwise specified in the contract for service. All wiring, pole lines and other electric equipment (except metering equipment) on the load side of the delivery point shall be owned and maintained by the Consumer.

2. Lighting. Both power and lighting shall be billed at the foregoing rate. If a separate meter is required for the lighting circuit, the registrations of the two watt-hour meters shall be added to obtain total kilowatt-hours used and the registrations of the two demand meters shall be added to obtain the total kilowatt demand for billing purposes.

3. Primary Service. If service is furnished at primary distribution voltage, a discount of seven per cent (7%) shall apply to the demand and energy charges, and if the minimum charge is based on transformer capacity, a discount of seven per cent (7%) shall also apply to the minimum charge. However, the Seller shall have the option of metering at secondary voltage and adding the estimated transformer losses to the metered kilowatt-hours and kilowatt demand.

Terms of Payment

The above rates are net, the gross rates being 10% higher on the first \$25.00 and two per cent (2%) on the remainder of the bill. In the event the current monthly bill is not paid within fifteen (15) days from the date of the bill, the gross rates shall apply.

SCHEDULE RL
RURAL LIGHTING SERVICE

Availability

Available to all consumers of the Cooperative, subject to the established rules and regulations of the Cooperative.

Type of Service

Cooperative will furnish and install, at no expense to the consumer, a lighting unit, 8000 lumen - mercury vapor type, on a twenty-five (25) foot pole or an existing Cooperative owned pole, at a location suitable to both parties; location, however, shall not be more than 100 feet from an existing 120 volt Cooperative owned secondary line; will make all necessary electrical connections and will furnish electricity for same which shall be controlled by a photocell to energize the unit from dusk to dawn.

Rate

Service for the above unit shall be un-metered and billed on the consumers monthly bill for other electrical service furnished by the Cooperative, at a rate of \$3.00 each and every month for each lighting fixture contracted for by the consumer.

Conditions of Service:

1. The consumer shall furnish the location for the lighting unit; shall permit any tree trimming required for the conductors or unit installation.
2. The unit, together with the poles and conductors, may be removed at any time by the Cooperative upon failure of the consumer to pay the charges set forth herein in accordance with the Cooperative's established rules for billing and collecting electric accounts.
3. The consumer shall execute the Cooperative's standard "Rural Light Lease Agreement" before service will be furnished under this rate schedule. The minimum period for this Agreement shall be one (1) year, for which the consumer agrees to pay as set forth herein.

RURAL LIGHT LEASE AGREEMENT

The SHELBY RURAL ELECTRIC COOPERATIVE CORPORATION,

hereinafter called the Cooperative, and _____, a
member of the Cooperative, hereinafter called the member, hereby mutually
agree as follows:

1. The Cooperative will furnish, install and make all necessary electrical connections, at no expense to the member, a lighting unit of 300 Watt-120 Volt, on a twenty-five (25) foot pole or an existing Cooperative owned pole at a location suitable to both parties. Location, however, shall not be more than 100 feet from an existing 120 Volt Cooperative owned secondary line.
2. The Cooperative shall furnish electric power for the lighting unit which shall be controlled by a photocell to energize the unit from dusk to dawn.
3. Service for the above unit shall be un-metered and billed on the members monthly bill for other electrical service furnished by the Cooperative at a rate of \$3.00 each and every month.
4. The Cooperative will maintain the unit free of charge. Burned out lamps will be replaced by the Cooperative's service personnel only at a flat fee of \$2.00 each.
5. The member agrees to furnish the location for the lighting unit; shall permit any tree trimming required for the conductors or unit installation.
6. The member further agrees that the unit, together with the poles and conductors, may be removed at any time by the Cooperative upon failure of the member to pay the charges set forth herein in accordance with the Cooperative's established rules for billing and collecting electric accounts.
7. The minimum term for this agreement shall be one year. Service may be terminated by the member upon any anniversary date of this agreement.
8. It is mutually agreed that the unit installed remains the property of the Cooperative and will be removed at the request of the member when this agreement is terminated in accordance with the provisions contained herein.

CANCELED SEPT 18 1970

RURAL LIGHT LEASE AGREEMENT (Cont.)

9. The member agrees to exercise proper care to protect the property of the Cooperative on its premises and in the event of loss or damage to the Cooperative's property arising from negligence of member to care for same the cost of necessary repair or replacement shall be paid by the member.

10. It is mutually agreed that service interruptions to the lighting unit shall be reported by the member to the Cooperative. Replacement of lamps and all other necessary repairs shall be made only during the regular working hours of the Cooperative's service personnel as soon as possible after notice of such interruption of service is received. No reduction will be made to the members monthly charge under this agreement for service interruption time due to lamp failure or other cause beyond the control of the Cooperative.

SHELBY RURAL ELECTRIC CO-OPERATIVE CORPORATION

REA
SHELBYVILLE, KENTUCKY

November 21, 1953

Mr. B. C. Collis, Senior Engineer
Public Service Commission
Frankfort, Kentucky

Dear Sir:

In reply to your letter of November 20, we wish to advise that the consumers deposit of \$10 was put into effect by our board of directors because their collection experience on rental property and tenant houses was extremely poor. Our average bill on farm consumers is approximately \$8 per month; therefore, the \$10 deposit does not amount to two-twelfths (2/12) of their annual bill.

We adopted a fixed amount as it is very difficult to estimate a members consumption at the time he first occupies a house. It also illiminates any discrimination among our members.

The plan seems to be working very satisfactorily; and based on the above facts, we do not feel that we are in violation of your Rule 8 found on Page 10 of your Rules and Regulations. If you do not find this explanation satisfactory, I will be glad to give you any additional information you might desire or to come to Frankfort and discuss it with you in person.

Very truly yours

Shelby Rural Electric Cooperative Corporation

T. C. Long, Jr., Manager
